

Enforcement

Among the primary responsibilities of the Police Department is to respond to reported criminal activities, conduct motor vehicle accident investigations and maintain consistent enforcement of traffic and criminal laws. These activities help to maintain and promote highway safety for motorists and pedestrians alike.

Enforcement activities also serve to maintain the City's excellent quality of life for its residents and the business community. Responsiveness to neighborhood complaints about traffic issues was a significant focus of the Police Department in the year 2003.
